

FOAM INSULATED HOSE

Description

Tube Material:

nitrile rubber

Product length:

1.8m / each

Temperature :

-50°C (-122°F) to 110°C (+230°F)

FOAM INSULATED HOSE

Inner Diameter (mm/inch)	Tube Thickness (mm/inch)	Length (mm/foot)	Inner Diameter (mm/inch)	Tube Thickness (mm/inch)	Length (mm/foot)
22mm/0.9in	20mm/0.8in	1.9m/6.2ft	48mm/0.9in	30mm/1.2in	1.9m/6.2ft

Application Fields:

Widely used in various industries and fields, ventilation duct, industrial pipelines, water pipe, buried piping. Mainly used to protect rubber hose, various pipes, tube, valve, etc.

Product features:

Aging resistance
Abrasion resistance
Weather and ozone resistant
Good flexibility without distortion
